BODY SHAPE

Slim

Normal

Muscular

Heavyset

DETAILED INSTRUCTIONS

1. ARMHOLE

Place the measuring tape around the armpit around over the shoulder.

Read the tape from on the shoulder

2. SHOULDER

Place the measuring tape as horizontally as possible from left shoulder end to right shoulder end.

The shoulder end is the point at which shoulder is still flat and runs upto the sleeve seam

3. ARM'S LENGTH

Place the measuring tape from shoulder end or sleeve seam (where you previously stopped to measure), and with arms hanging sideways, extend the measure tape till the wrist (where you wear a watch).

At this point, read the tape measure.

4. JACKET LENGTH

Place the measuring tape on the shoulder (shoulder seam) near the neck and let the tape measure over the belly to to the beginning of the thumb (Thumb joint), keeping arm hanging loose. On the first thumb joint read from the tape.

5. CHEST GIRTH

Place the measuring tape horizontally on the height of the breast around the upper body around and under the arms on to the chest. Read the tape measure from the front.

6. WAIST

Place the measuring tape horizontally around the abdomen at the height of the navel. Read from the tape measure from the front.

7. BICEPS

Let hang his arm loose, and measure around the middle of the upper arm.

8. LENGTH OF THE WAISTCOAT

Place the measuring tape on the shoulder (Shoulder seam), so you can measure the Length to the lower end of the waistband, directly below the belt.

9. SEAT

Place the measuring tape at the widest point horizontally around the buttocks. Read the tape measure at the side.

10. LENGTH TROUSERS

Remove shoes.

Place the tape measure on the waistband and run it sideways to the ground.

Read the tape measure at ground point

11. TROUSER WAISTBAND

Place the measuring tape around waist just above the waistband at a level where you are most comfortable wearing your pants.

Read the tape measure from the front.

12. CROTCH

Place the measuring tape at the top the front waistband and loop it below your crotch to the upper edge of the rear waistband at the back.

Read the tape measure at the back.

13. INSIDE LENGTH OF THE TROUSER

Remove shoes.

Place the measuring tape down exactly in the center of the step/crotch and extend it from the inside of the leg to the ground.

Read the tape measure at the ground.

14 THIGH

Place the measuring tape loose at the widest point of the thigh, directly below the groin. Read the tape measure in the front.

15. KNEE

Place the measuring tape around the thickest point of the knee. Read the tape measure in the front.
